## 7.0 PREPARERS AND REVIEWERS

---

### 7.1 Consultant Disclosure Statement

Wilbur Smith Associates, Inc. (WSA) has no interest, financial or otherwise, in the preparation of the US-31 engineering analysis and Final Supplemental Environmental Impact Statement other than compensation for the services performed and the general enhancement of WSA's professional reputation. The team of professionals, which WSA assembled to conduct field studies and analyses, was selected based solely upon their qualifications. To the best of WSA's knowledge, no person or firm contributing to the preparation of this document has any interest in the findings or outcome of the process.

Doug LaVoie  
Associate In Charge, Wilbur Smith Associates, Inc.

4-28-04

Date

Subconsultants:

HNTB  
Commonwealth Cultural Resources Group  
Wetland Coastal Resources  
John Shuey, PhD  
Soils & Materials Engineers  
Northwest Consultants

### 7.2 Preparers and Reviewers

Staff	Education/Experience	Title/Responsibility
<b><i>Wilbur Smith Associates, Inc.</i></b>		
Kirk Haybarker, AICP, RLA	B.S. Landscape Architecture/Planning 20 years transportation and environmental planning experience	Consultant Project Director, project coordination, QA/QC
Doug LaVoie, P.E.	B.S. Civil Engineering 14 years transportation engineering, and planning experience	Project Manager, lead road design, public involvement, QA/QC
Todd Davis, AICP	B.S. Environmental Science 15 years transportation planning experience	Lead Transportation and Environmental Planner, environmental planning and QA/QC
William Ballard	B.S. Resource Development 15 years engineering and planning experience	Planner, FSEIS, environmental justice, relocation plan, public involvement, environmental consequences, and computer animations

<b>Staff</b>	<b>Education/Experience</b>	<b>Title/Responsibility</b>
Dominick Gatto, P.E.	B.S. Civil Engineering M.S. Business Administration 31 years QA/QC and engineering experience	Lead QA/QC
Chris Nazar, AICP	B.A. Economics and Urban Studies M.S. Urban Planning 5 years economics and transportation planning experience	Transportation Planner, economic analysis, public involvement, purpose of and need for, affected environment and consequences
Mark Helinski, P.E.	B.S. Civil Engineering 14 years bridge design engineering experience	Bridge Design Engineer, structure layout (studies), cost estimates
Melissa Pelkey, EIT	B.S. Civil Engineering 4 years transportation engineering experience	Engineering Designer, geometrics, alternatives analysis, impact analysis, public involvement
Kwame Awuah	B.A. Geography & Urban Planning M.A. Geography 5 years planning experience	Transportation Planner, socio-demographic analysis, environmental justice, purpose of and need for project
Paul Hershkowitz	B.A. Sociology 31 years traffic and transportation planning	Senior Transportation Planner, lead traffic and transportation planning
Steve Wells, AICP	B.S. Political Science M.A. Urban & Regional Planning	QA/QC Document Review
Craig Casper, AICP	B.A. Anthropology and History M.A. Urban and Regional Planning	QA/QC Document Review
<b><i>HNTB</i></b>		
Mike Spitz, EIT	B.S. Civil Engineering 5 years traffic engineering & transportation planning experience	Traffic Engineer, traffic analysis, traffic report, practical alternatives development, QA/QC
Peter Kinney, P.E.	B.S. Civil Engineering 14 years transportation engineering experience	Transportation Engineer, geometric review, construction cost estimates
John Jaeckel, P.E.	B.S. Applied Science and Engineering 29 years air quality and noise analysis experience	Environmental Quality Engineer, air and noise analysis
Suheil Acra	B.S. Civil Engineering M.S. Civil Engineering 12 years air quality and noise analysis experience	Environmental Quality Engineer, noise analysis
Mark Gentile, EIT	B.S. Civil Engineering 4 years road design experience	Transportation Engineer, geometric review, construction cost estimates
Tamara Czewski, P.E.	B.S. Civil Engineering M.S. Civil Engineering 6 years engineering experience	Traffic Engineer, traffic modeling and simulation
Rebecca Talty, P.E.	B.S. Civil Engineering 10 years bridge and transportation engineering experience	Bridge Engineer, bridge QA/QC
Robert Kirkbride	B.A. Economics M.P.A. Public Administration 37 years transportation planning experience	QA/QC and document review

<b>Staff</b>	<b>Education/Experience</b>	<b>Title/Responsibility</b>
<b><i>Commonwealth Cultural Resources Group</i></b>		
Sean Dunham, RPA	B.A. Anthropology and History M.A. Ancient Studies 14 years experience in cultural resource management	Senior Cultural Resource Manager, project management and project archaeologist
James Robertson, RPA	B.A. History M.A. Anthropology PhD Anthropology 25 years experience in cultural resource management	Technical Vice President, QA/QC
Robert Linn	B.S. Education M.S. Historic Preservation 2 years experience in architectural history	Architectural Historian, project historian
<b><i>Wetland Coastal Resources</i></b>		
Stu Kogge	B.S. Fisheries and Wildlife M.S. Fisheries and Wildlife 15 years wetland studies experience, 14 years threatened and endangered species experience	Senior Wetland and Aquatic Biologist
Mike Nurse	B.S. Fisheries and Wildlife M.S. Fisheries and Aquatic Biology 13 years wetland studies and threatened & endangered species experience	Wetland and Aquatic Biologist
Dan Kennedy	B.S. Fisheries and Wildlife M.S. Zoology 2 years wildlife ecology experience	Wildlife and Wetland Biologist
Erica Staton	B.S. Natural Resources Communication 10 years experience as Resource Analyst for MDOT	Wetland Biologist and Mitigation Specialist
John Shuey, PhD	Ph.D. Entomology M.S. Zoology B.S. Zoology 17 years experience	Director of Science and Conservation, Mitchell's satyr butterfly survey
<b><i>Michigan Department of Transportation (MDOT)</i></b>		
Paul Wisney, P.E.	B.S. Civil Engineering 22 years transportation engineering experience	MDOT Project Manager, engineering
Jackie Jiran, P.E.	B.S. Civil Engineering 5 Years experience with construction and transportation engineering	Former Transportation Engineer, project management team
Tom Doyle	B.S. Geography M.S. Urban & Regional Planning 10 Years MDOT transportation	Traffic Analyst, traffic review
Al Westover, CWB	B.S. Wildlife Mgt. & Animal Ecology M.A. Biology 29 Years of experience in environmental planning	Retired Resources Specialist, review of wetland, floodplain and threatened and endangered species impact assessments, and overall DSEIS document review
Bill Taylor	B.S. Civil Engineering 6 years MDOT transportation engineering experience	Transportation Engineer, geometric & safety review

<b>Staff</b>	<b>Education/Experience</b>	<b>Title/Responsibility</b>
Tom Pickens	B.S. Mathematics 36 years MDOT transportation planning experience with emphasis on traffic	Retired Transportation Planner, traffic review
Tom Vandenberg, P.E.	B.S. Civil Engineering 20 years experience in road design	Engineer Manager, MDOT road design unit supervisor
Jose Lopez	B.S. Communication Arts 23 years experience with MDOT	Retired Public Hearings Officer, public meetings consultation
Phil Grotenhuis, P.E.	B.S. Civil Engineering 24 years experience	Engineer Manager, bridge, structures review
Roberta S. Welke, P.E.	M.S. Engineering B.S. Civil Engineering 18 years MDOT experience	Southwest Region Engineer MDOT region executive
John Polasek, P.E.	B.S. Civil Engineering 30 years MDOT experience	Southwest Region System Manager
Michael Jones, P.E.	M.S. Civil Engineering 9 years MDOT experience	Assistant Traffic Engineer, review of traffic analysis
Mark Barrone	B.S. Business 15 years MDOT experience	MDOT Real Estate ROW estimates review
Robert Briere, P.E.	B.S. Civil Engineering 36 years transportation engineering experience	Region Traffic Engineer, traffic operations review
Philip Reid, P.E.	B.S. Civil Engineering 25 years transportation engineering experience	Retired Transportation Service Center manager, engineering reviews, local MDOT contact
Kyle Rudlaff, P.E.	B.S. Civil Engineering 8 years experience with MDOT	Project Manager, engineering reviews
Jason Latham	B.S. Biology 10 years experience	Region Planner, document review
Paul South, P.E.	B.S. Civil Engineering 11 years experience	TSC Manager, engineering reviews, local MDOT contact
Kitty Rothwell, P.E.	B.S. Civil Engineering 15 years MDOT experience	Project Manager, engineering reviews
Tom Raymond	B.S. Community Development 13 years MDOT transportation planning, 30 years land-use development experience	Supervisor of the Project Planning, traffic analysis
Douglas Proper	B.S. Civil Engineering 23 years MDOT experience in environmental/mitigation	Program Coordinator, mitigation follow-up
Robert Parsons	B.S. Interpersonal and Public Communication	Public Hearings Officer, public hearing coordination and certification
Kem Hoopingarner	B.S. Finance 4 years MDOT real estate experience, 4 years public real estate experience.	Real Estate Project Manager, relocation plan
